

Shravan S. Dasari

Senior Java & Angular Developer - Spring Boot - Microservices - Tableau

Email: sravan.dasari.s@gmail.com | Phone: +91-8690861907 | Location: Surat, Gujarat, India

Professional Profile

Software Engineer with 7+ years of experience specializing in Java, Angular, and enterprise application development. Skilled in building scalable, high-performance web solutions using Spring Boot, Microservices, REST/SOAP APIs, and modern frontend frameworks. Experienced in Tableau for interactive dashboards and data visualization. Strong in backend integration, performance optimization, and Agile/Scrum delivery.

Core Competencies

Java 8/11, Core Java, J2EE, Spring Boot, Spring MVC, Microservices, REST API, SOAP Web Services, Angular 8+, TypeScript, JavaScript, HTML5, CSS3, Oracle, MySQL, PL/SQL, Git, Bitbucket, Jenkins, SonarQube, Swagger, Kafka, Tableau, Agile/Scrum, Performance Optimization

Professional Experience

Software Engineer II - Bank of America (Jul 2021 - Present)

- Lead development and enhancement of DTE for secure, scalable processing of retirement plan data.
- Built REST APIs and microservices using Java 8 & Spring Boot with Oracle 11g.
- Integrated Tableau dashboards for operational visibility.
- Enhanced monitoring/alerting to reduce incident resolution time by 30%.
- Worked in Agile/Scrum; mentored junior developers.

Assistant System Analyst - Tata Consultancy Services (via C-Edge) (Jun 2019 - Mar 2021)

- Developed and maintained insurance applications with Java, Spring MVC, REST/SOAP services.
- Designed backend APIs for policy management, claims, and document workflows.
- Optimized SQL/PL-SQL for data processing efficiency.

Senior Executive Java Developer - Finlogic Technologies (Apr 2016 - May 2019)

- Built insurance management systems with Spring MVC, JSP, Servlets, and MySQL.
- Implemented role-based authentication and performance improvements.
- Created reporting features for policy data.

Key Projects

Data Transformation Engine (DTE) - Bank of America

Role: Designed REST APIs, optimized microservices, integrated Tableau dashboards.

Tech: Java 8, Spring Boot, Oracle 11g, Linux, Tableau

InsuranceTrax - Finlogic Technologies

Role: Built policy modules, plan comparison, role-based access.

Tech: Java, Spring MVC, JSP, Servlets, MySQL

Broker Insurance Management System (BIMS) - Finlogic Technologies

Role: Transaction processing, claims features, performance.

Tech: Java, Spring MVC, JSP, Servlets, MySQL

Android Apps (Summary) - NightFox / Bosleo (Earlier)

Multiple Android apps with REST integration: location-based reminders, phone state management, and vehicle audit systems.

Education

MCA - SRIMCA (2015) - 9.00 SPI

BCA - C.B. Patel Computer College (2012) - 67.1%
